EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Henry M. Stanley, Reg. 26,507 on 9/2/04.

The application has been amended as follows:

Page 9, line 10 of the specification, "36" was deleted.

Claim 8, line 1, --1-- was added after claim.

Claim 13, line 1, "member" was replaced with --means--.

Claim 15, line 2, "rods" was replaced with --loops--.

Claim 22, line 1, "member" was replaced with --means--.

Claim 24, line 2, "rods" was replaced with --loops--.

2. The following is an examiner's statement of reasons for allowance:

Claims 1, 9 and 18 all contain limitations drawn to a pair of fixed length laterally spaced arms and a pair of variable length spaced arms. These claims also contain limitations directed to a stop means for limiting net rotation of the oscillation generating head in a substantially vertical

Art Unit: 3671

plane. Also, these claims call for crop contacting means that approach the plant foliage from beneath. The combination of these three limitations is not found in the prior art of record.

The closest available prior art is Korthuis et al., 5,660,033. Korthuis et al. discloses a harvester similar to the one described by the claims. However, the crop picking head assembly (72) in Korthuis et al. rotates on a tilted plane instead of oscillates a substantially vertical plane, does not include a stop means and does not include a pair of fixed length laterally spaced arms (see Fig. 8B). Korthuis et al. does not have a stop means.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Meredith C Petravick whose telephone number is 703-305-0047. The examiner can normally be reached on M-T 8:00 a.m.- 5:00 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas B Will can be reached on 703-308-3870. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
